

Part Number: 88018

Collapsible Roof Mount Mast shown extended with Magellan MX sensor module.

Folded Collapsible Roof Mount.

This collapsible mast assembly is designed to be permanently mounted on a flat surface and folded away into the stored position. With no internal space required for storage, this pole assembly will work anywhere side mounting or internal compartment mounting is not an option.

Applications include roofs of utility vehicles or trailers, tops of skid units, and mobile generator trailers.

Features

- One person setup in less than a minute
- Collapsed height of 5.5"
- Stable in high winds
- Standard with up indicator, locking brackets, and no-mar stops

Note: *The meteorological sensor module should be stored securely unless in use. If the vehicle does not have built-in storage for the sensor module, consider Accessory Catalog Number 88173: Protective Case for Vehicle-Mount Sensors.*
